

WES+ DATA SHEET

Interface Technical Data

Model Numbers: W2-INF-I20-U-UK, W2-INF-I20-N-UK

Device Parameters

Operating temperature:	-10°C to +55°C
Humidity:	Relative humidity >95% (25°C to 55°C)

Supply Parameters

Operating voltage range:	4.4-6.4V from internal battery
Power:	770 μ W average
Current consumption:	150 μ W average
Battery type:	Alkaline primary cells, 23Ah

RF Parameters

Operating frequency:	868.3MHz
Transmit power:	25mW max
Duty cycle:	<1%
Encryption:	None
Channel spacing:	Single channel
